UNITED STATES BANKRUPTCY COURT
Case 16-11767 CMA
Addendum to my letter, #1941

The HONORABLE CHRISTOPHER M. ALSTON

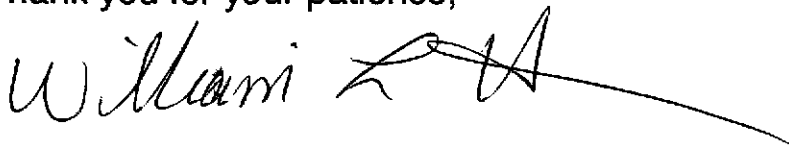

Your Honor,

The recent Mark Northrup filing on the fee applications of the Trustee, Cascade Capital Group, and Mike Gearin (doc #1943) prompts me to add the following comments to my previous letter:

I could not agree more with Mark Northrup's criticisms on the effectiveness of the trustee's performance and that of his accounting firm. But I ask: Why did Mr. Northrup not present his objections to the court at the time? Where was he while all this was going on? He had to know the UCC was unsatisfied even before I wrote the letter that got me removed from the committee.

I suggest that Mark Calvert, Cascade Capital, and Mike Gearin get paid by Paul Wagner and Sierra Mint, because that is who they served and protected. Mark Northrup should get paid by Mike Gearin because that is who he worked for and reported to.

Thank you for your patience,

William L. Hanson
Creditor/Former UCC Co-Chair
