Re: Chapter 11 Northwest Territorial Mint LLC, 16-11767

Hearing Request regarding the Missing Inventory

File a police report with Federal Way

Dear Executors Mark Calvert and Mark Hatcher,

Sirs, I have received no answer about the missing inventory as reported by Mark Calvert at the 341 meeting last year. Please set up a hearing with the bankruptcy court and give your oath and testimony regarding this mystery of missing Inventory that is over \$55 million. Request the parties with knowledge regarding the inventory attend the hearing and testify. Explain before the court exactly when the theft occurred. Was it before the case was filed or after it was filed? Where is the missing inventory located?

Did Mark Calvert discover the missing inventory or someone else working in the Mint? Who is the investigator for this item of inventory? How much has he invested into this federal project? What type of security was provided for the accounting of the Mint LLC and the Bankruptcy Court accounting? You Calvert and Hatcher are the responsible agents and fiduciaries to my Estate to disclose a complete accounting to me, to the court and to the creditors. This information is critical to the police report. Has either of you filed a police report for the missing inventory? If not, one or both of you need to appear before the Federal Way police and file the report after the hearing is held to determine all the facts. You should appear before the Federal Way Police regardless and file the report in person. That is their job to take the report of crimes committed in their city. You both have the information and knowledge of potential suspects needed to file the police report.

If you ignore this request then the whole world must assume you are derelict in your duties, you are in contempt of court or concealing fraudulently transferred missing inventory assets and other federal and state crimes.

Reserving the right of first refusal.
